Building Uy Your Blood

IT'S BLOOD THAT FEEDS THE BODY

Pepto-Mangan Creates Rich, Red Blood, Changes Pale Complexions to Bloom of Health

A serious illness, even a cold that is hard to shake off, can reluce the blood to a weak, watery condition which keeps the normal trength and vigor from coming

This poor physical condition brings on a helpless, discouraged nental condition which rich, red lood can restore.

Pure blood should be rich in ron which Nature supplies to some extent in food. But often through faulty digestion or improper diet you don't get the iron needed, and your blood, on which your health depends, grows veaker and weaker.

Gude's Pepto-Mangan enriches he blood, increases the red lood cells and supplies the ingrelients that bring a quick response in vigor, vitality and fine color.

Physicians recommend Gude's Pepto-Mangan. When you order sure the word "Gude's" is on he package. Without "Gude's" t is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.

The Essex Is Famous For Beauty As Well As Performance

Essex performance proofs naturally overshad ow its qualities of quieter appeal.

Its official world's endurance records have the force of proving the incredible.

For prior to Essex it was held that light weight and moderate cost must mean some forefit in smoothness, speed, power and endurance.

But even those whose choice was decided by Essex supreme performance ability are captivated by its notable beauty of design, its luxurious finish and quiet riding ease.

I tis not merely that Essex matches large, high-priced cars in comfort. It is not only its speed, its quickness at the getaway and its easy mastery of the hills.

Comfort and Quality Like Costliest Cars

Essex charm lies in the combination of its qualities of beauty and fineness with a flying smoothness of action and a responsiveness that heeds the lightest touch-

Abundant surplus power handles the Essex with ease in any situation. It is this surplus power and strength, beyond any need you will ever have for it, that accounts for Essex smoothness and ease in tasks at which many cars strains with permanent injury to their mechanism.

WOMEN ESPECIALLY APPRECIATE THIS. It stops, starts, turns, picks up, far more quickly than is possible for heavier types. This is why progress is fast and secure, even in the heaviest traffic.

Though style preference must always be a matter of personal taste, a car must offer unusual beauty and distinction to gain the following Essex has among people who are accustomed to fine quality in all things.

Appreciation of Essex fineness is steadily growing. Production cannot keep pace with demand. Order today and be sure of delivery.

Hudson Design and Super-Six Motor Still World Supreme

Every day you see Hudsons, two and three years old, which, both in performance and style, might well be judged of recent production.

That is because Hudson's design never has been guided by caprice. It has never sought to excite attention by dubious extremes.

Advanced ideas you will always find in Hudson Super-Six. This fact created its leadership. But they must earn their right to belong. No mere straining after something new ever won place for a single feature of Hudson design.

On fashionable boulevards and drives you will see more Hudson closed and chauffeur driven cars than of any other make. Yet leadership in style alone was not enough to win such recognition.

The Super-six Motor Exclusive in Hudson

Hudson's chief advantage has always been in performance. In every way open to proof it has shown its supremacy. It holds the worth- while stock car records for speed, power and acceleration. In its run of 7,000 miles, across the continent and back, in 10 days and 21 hours it proved such endurance as no other car ever has equalled.

These records were made four or five years ago. Yet they still stand. They account for Hudson becoming the largest selling fine car in the world.

That is sufficient reason why no change ever has been made in the principle of the Super-Six motor. No way has been found to improve it.

And you can get its advantages in no other car. It is patented and exclusive in Hudson.

Everywhere Hudson dealers are asking for more cars to meet the demand. But the factory can not supply enuogh. To get a Hudson this summer we suggest that you place your order immediately

Come to our Salesrooms on Second Street, where we carry a full line of all models, or one of our salesmen will bring the car to your door for a demonstration.

· BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through taking them.

Dr. Edwards' Olive Tablets at Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil. They act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood, and rurifying the entire system. They do that which calomel does, without any of the bad after effects. Take one or two every night for a week and note the pleasing effect. 10c and 25c a box.

Something for nothing?

Something for nothing?—it can't be done. Nor do we promise it. The man who responds to such a promise usually gets it the other way-nothing for something. That's expensive-also embarrassing.

Merchants are in business to serve-and must not only make expenses but an honest profit, in order to make a living, for their employes as well as for their own families.

We prefer to promise less and give you more. This invites the patronage of level-headed Americans who buy with their eyes open men and women who understand the economy of quality-folks who want the best and will pay what it is honestly worth. Men and women who have faith in the concern that asks an honest price-including an honest profit—for earnest goods.

Kuppenheimer good clothes will satisfy you. They are full value they are conscientiously tailored, with quality materials—their styles are sensible. Kuppenheimer clothes are economical clothes -good clothes to wear and they wear well.
